

# Injectable Drugs Deep Dive

An Assessment Covering All  
FDA-approved Injectables

Report Brochure

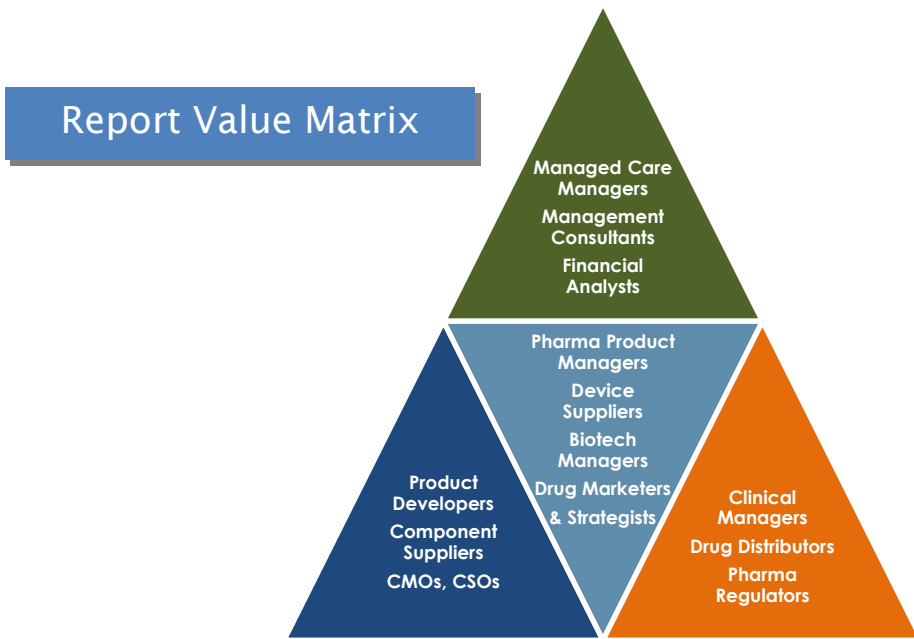

Greystone  
Research Associates

**Greystone Research Associates** is pleased to announce the publication of a new market assessment. **Injectable Drug DeepDive 2021** is a comprehensive evaluation and analysis of the injectable drug sector, covering all FDA-approved injectables, assisting market participants in understand the influence of injectables as a driving force behind the evolving drug segment of the healthcare sector. The study is designed to provide drug company decision makers, drug developers, and healthcare marketers with a detailed understanding of the economics, technologies, indications, and commercial opportunities for injectable drug therapeutics. Provider organization business managers, healthcare administrators and investors will also benefit from this study.

### Making Sense of the Injectable Drug Landscape

This report is a comprehensive evaluation and analysis of the products and participants in this evolving segment of the injectable drug sector. It is designed to provide drug product decision makers, healthcare marketers, and supply chain participants with a detailed understanding of the economics, disease segments, and commercial opportunities for injectables. These products are marketed and supplied by slightly less than one hundred companies. Competition among the various drug and therapeutic classes is uneven, with the top ten segments accounting for a disproportionate level of activity and revenue. Understanding the underlying factors affecting business performance is key to attaining financial targets. Provider organization business managers, healthcare administrators and investors will also benefit from this study.

## What You Will Learn

- What are the dynamics of the shifting landscape for injectable drugs?
- Provides assessments of FDA-approved injectable drugs assesses key market segments, market dynamics and potential product opportunities
- Who are the leading injection device companies, and what are their business strategies?
- Presents the competitive picture injectables in two dozen drug classes
- Evaluates the importance of ANDA/NDA/BLA filing strategies on participant growth prospects
- Assesses the market presence and product position of the top twenty-four injectables suppliers
- Evaluates the impact of economic, technology, and regulatory factors

## Report Format and Availability

This report is available electronic format. A site license for a single physical location and a corporate license are also available. Custom licensing options to address specific company user requirements are available by emailing [clientservices@greystoneassociates.org](mailto:clientservices@greystoneassociates.org).

## Methodology

Research methodology is based on primary research in the form of in-depth interviews with key market participants, technology developers, distributors, industry experts, and market influencers, a list that includes regulatory officials, industry trade groups, and materials standards organizations.

Forecasts and projections of market demand and future market activity are derived using standard modeling and statistical techniques.

## About Greystone Research Associates

Greystone Research Associates is a medical technology consulting firm focused on the areas of medical market strategy, product commercialization, venture development, and market research. We assist medical and healthcare market participants in achieving their business objectives through the creation of detailed development strategies, product commercialization programs, and comprehensive market and technology research and analysis.

Our market research publications are designed, researched and written to provide timely and insightful information and data on focused market segments, with the aim of providing market participants with the essential knowledge to refine and execute their marketing plans and financial targets.

## Ordering Information

Orders may be placed via postal mail, e-mail or fax. Orders not accompanied by a purchase order must contain a telephone number for verification, and clearly indicate the physical shipping address and billing address.

### Payment

We accept the following forms of payment:

**Company Check:** Please make checks payable to 'Greystone Research Associates'

**Credit Cards:** We accept MasterCard, Visa and American Express

**Wire Transfers:** See 'Wire Transfers' below for more information

### Orders Outside the U.S.

Orders must be prepaid via credit card, company check in US funds and drawn on a US bank, or wire transfer.
